

Welcome to Spain!

Welcome to the Goodlife Calablanca P15 2D-apartment. You've made a good choice by renting this apartment and we really hope that you'll appreciate our efforts to give you a fantastic holiday home.

We know you will have a great time stay here with us. In order to make sure you've a good time, we've organized a few rules. Please inform everyone in your company about the rules.

Please feel free at any time using our support at support@goodlife.biz

During your stay

- Towels are ought to be used inside the apartment and not in the pool area or beach. They are for being used in the bathrooms.
- When you leave the property, ensure that the marquise is stored in default setting (not precipitated) and the all windows and doors are close and in a locked position. We also advise you to use the outside blind, since there are good both for the heat and to prevent burglary.
- The area of Calablanca is a quiet and friendly neighborhood with many residents. Therefore try to keep the noise level to a minimum all the times. However past midnight (00.00) it's of extreme importance that's quiet.
- Do not lean against fences, doors etc.

The pool area

- The opening hours for the pool you'll find on the information board next to the pool entrance. Please also notice and respect the restrictions you'll find there.
- You may use the sun chairs that you'll find in the storage. Please put them in the storage when you don't use them.
- Diving in the pool is forbidden.
- Glassware and pets are not allowed in the pool area.
- Remove all trash and put in the containers after spending time by the pool.

Practical information

- In order to make your stay as convenient as possible we've put together some practical information that you'll find in the Goodlife
- You'll also find all the information in our ClientZone at www.goodlifelifeholiday.com. Don't you remember the password, please send an email to support@goodlife.biz.
- To speed up the inspection 2 (upon departure) please fill in the damage report if any problem/accident has happened.

About your departure

- Please leave (if you've ordered laundry or if it's included in the price) the dirty towels and beddings in the blue IKEA bag that you'll find in the apartment.
- Wash and properly store all plats, glassware, cutlery etc.
- Please make sure that the oven, microwave, coffee machine, dishwasher, washing machine and other kitchen equipment are all clean. Also iron, iron board, dryer etc.
- Empty the fridge and freezer on all perishable items (milk, butter, beverages).
- Bring all the garbage to the trash disposal area outside Calablanca (next to the hospital).
- Normal cleaning (if you've ordered that) is cleaning the apartment (not dishing, cleaning white goods, taking care of garbage etc).

Have a great holiday here at Costa del Sol!
